Important Change

Enhanced Oil Recovery Credit.—

Corporations may take a credit on **Form 8830**, Enhanced Oil Recovery Credit, for 15% of qualified enhanced oil recovery costs paid or incurred in tax years beginning after 1990. These costs generally include amounts paid or incurred in connection with a qualified enhanced oil recovery project for:

- certain tangible personal property for which the corporation can claim a deduction for depreciation or amortization
- intangible drilling costs eligible for the election under section 263(c) or required to be capitalized under section 291(b)(1), and
- qualified tertiary injectant expenses for which a deduction is allowed under section 193.

If a corporation takes this credit, limitations apply to amounts otherwise deductible (or required to be capitalized and recovered through depreciation, depletion, or amortization), that were used in figuring the credit.

For more information, see section 43 and Form 8830.

Purpose of Form

Form 1120-RIC, U.S. Income Tax Return for Regulated Investment Companies, is used to report the income, gains, losses, deductions, credits, and to figure the income tax liability of regulated investment companies as defined in section 851.

Filing Requirements

Who Must File

A domestic corporation that elects to be treated as a regulated investment company (RIC) for the tax year (or has made such election for a prior tax year) and meets the requirements listed below must file Form 1120-RIC. The election is made by computing taxable income as a RIC on Form 1120-RIC.

An electing RIC must be a domestic corporation—

(a) that is: (1) registered with the Securities and Exchange Commission throughout the tax year as a management company or unit investment trust under the Investment Company Act of 1940, or has in effect an election under such Act to be treated as a business development company, or (2) a common trust fund or similar fund excluded by section 3(c)(3) of such Act from the definition of "investment company" and is not included in the definition of "common trust fund" under section 584(a);

(b) that derives at least 90% of its gross income (including tax-exempt interest income) from dividends, interest, payments with respect to securities loans (as defined

in section 512(a)(5)), and gains from the sale or other disposition of stock or securities (as defined in section 2(a)(36) of the Investment Company Act of 1940) or foreign currencies, or other income (including gains from options, futures, or forward contracts) derived with respect to its business of investing in such stock, securities, or currencies.

Note: Income from a partnership qualifies under the 90% test to the extent the company's distributive share of partnership income is from items described above as realized by the partnership;

(c) that derives less than 30% of its gross income (including tax-exempt interest income) from the sale or other disposition of any of the following that was held for less than 3 months:

(1) stock or securities (as defined in section 2(a)(36) of the Investment Company Act of 1940);

(2) options, futures, or forward contracts (other than options, futures, or forward contracts on foreign currencies); and

(3) foreign currencies (or options, futures, or forward contracts on foreign currencies) but only if such currencies (or options, futures, or forward contracts) are not directly related to the company's principal business of investing in stock or securities (or options and futures on stocks or securities);

(d) that meets the diversification of investment requirements of sections 851(b)(4) and (c);

(e) that was treated as a RIC for all tax years ending after November 7, 1983, or as of the end of the tax year, the corporation had no accumulated earnings and profits from any non-RIC year; and

(f) for which the deduction for dividends paid (excluding capital gain dividends) equals or exceeds the sum of:

(1) 90% of its investment company taxable income (determined without regard to the deduction for dividends paid); and

(2) 90% of its net income from tax-exempt obligations.

See sections 851 and 852 for details and exceptions.

If a RIC has more than one fund (as defined below), each fund is treated as a separate corporation for purposes of the Internal Revenue Code (except with

respect to the definitional requirement of paragraph (a) above).

However, any fund will not be disqualified for failure to meet the requirement of paragraph (c) above for any tax year by reason of sales resulting from abnormal redemptions on any day and occurring before the close of the 5th business day after such day if: **(1)** the sum of abnormal redemptions on that day and on prior days during the tax year exceeds 30% of net asset value, and **(2)** all funds in the series to which the fund belongs would meet the requirement if treated as a single RIC.

Definition of Fund

A fund is a separate portfolio of assets, the beneficial interests in which are owned by the holders of a class or series of stock that is preferred over all other classes or series with respect to that portfolio of assets.

Note: As used in these instructions and Form 1120-RIC, the term “fund” refers to the above definition and to any RIC that does not have more than one such portfolio of assets.

When To File

Generally, the fund must file its income tax return by the 15th day of the 3rd month after the end of the tax year. A new fund filing a short-period return must generally file by the 15th day of the 3rd month after the short period ends. A fund that has dissolved must generally file by the 15th day of the 3rd month after the date it dissolved.

Extension.—File **Form 7004**, Application for Automatic Extension of Time To File Corporation Income Tax Return, to request a 6-month extension of time to file.

Note: If this return is being filed for a series fund (as defined in section 851(h)(2)), the return may be signed by any officer authorized to sign for the RIC in which the fund is a series.

If a corporate officer filled in the fund's tax return, the Paid Preparer's Space under "Signature of officer" should remain blank. If someone prepares the tax return and does not charge the fund, that person should not sign the return. Certain others who prepare the tax return should not sign. For example, a regular, full-time employee of the fund, such as a clerk, secretary, etc., should not sign.

Generally, anyone who is paid to prepare the tax return must sign it and fill in the blanks in the Paid Preparer's Use Only area of the return.

The preparer required to sign the return must complete the required preparer information and:

- Sign it, by hand, in the space provided for the preparer's signature. (Signature stamps or labels are not acceptable.)
- Give a copy of the tax return to the fund in addition to the copy filed with IRS.

Figuring and Paying the Tax

Accounting Information

Accounting methods.—Taxable income must be computed using the method of accounting regularly used in keeping the fund's books and records. In all cases, the

method adopted must clearly reflect taxable income. See section 446.

Generally, funds with average annual gross receipts of more than \$5 million must use the accrual method of accounting. See section 448(c).

Unless the law specifically permits otherwise, the fund may change the method of accounting used to report taxable income in earlier years (for income as a whole or for any material item) only by first getting consent on **Form 3115**, Application for Change in Accounting Method. Also see **Pub. 538**, Accounting Periods and Methods.

Change in accounting period.—Generally, before changing an accounting period, the Commissioner's approval must be obtained by filing **Form 1128**, Application to Adopt, Change or Retain a Tax Year. (See Regulations section 1.442-1 and Pub. 538.)

Timing change in deducting accrued expenses.—Generally, an accrual basis taxpayer can deduct accrued expenses in the tax year that **(1)** all events have occurred that determine the liability, and **(2)** the amount of the liability can be figured with reasonable accuracy. However, all the events that establish liability for the amount are generally treated as occurring only when economic performance takes place. There are exceptions for recurring items. See section 461(h).

Rule of 78's.—Taxpayers are reminded that, generally, the Rule of 78's is not an acceptable method for computing interest income and expense. Anyone using the Rule of 78's should see Rev. Procs. 84-27, 84-28, 84-29, and 84-30, C.B. 1984-1 to change their method.

Rounding Off to Whole-Dollar Amounts

Money items may be shown on the return and accompanying schedules as whole-dollar amounts. To do so, drop any amount less than 50 cents and increase any amount from 50 cents through 99 cents to the next higher dollar.

Depository Method of Tax Payment

The fund must pay the tax due in full when the return is filed but no later than the 15th day of the 3rd month after the end of the tax year.

Deposit fund income tax payments (and estimated tax payments) with a Federal Tax Deposit Coupon (**Form 8109**). Do not submit deposits directly to an IRS office. Mail or deliver the completed Federal Tax Deposit Coupon (Form 8109) and the payment to a qualified depository for Federal taxes or to the Federal Reserve bank (FRB) servicing your geographic area. Make checks or money orders payable to that depository or FRB. To help ensure proper crediting to your account, write your employer identification number, "Form 1120-RIC," and the tax period to which the deposit applies on your check or money order. Be sure to darken the "1120" box

on the coupon. Records of deposits will be sent to the IRS for crediting to the corporation's account.

A penalty may be imposed for failure to deposit the required amount of tax. See section 6656. This penalty may also apply if you mail or deliver deposits to IRS offices rather than to authorized depositories or FRBs.

For more information about deposits, see the instructions contained in the coupon book (Form 8109) and **Pub. 583**, Taxpayers Starting a Business.

Backup Withholding

If the fund has had income tax withheld from any payments it received because, for example, it failed to give the payer its correct EIN, it may claim a credit on Form 1120-RIC for the total amount withheld. This type of withholding is called "backup withholding." Show the amount withheld in the blank space in the right-hand column between lines 27 and 28h, page 1, and label the amount as "backup withholding." Also include the amount in the total for line 28h.

Estimated Tax Payments

Generally, a fund must make installment payments of estimated tax if it can expect its estimated tax to be \$500 or more. For a calendar or fiscal year corporation, the installments are due by the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. If any date falls on a Saturday, Sunday, or legal holiday, substitute the next regular workday. For estimated tax purposes, the estimated tax of the fund is defined as its alternative minimum tax less the credit for Federal tax on fuels. Use the deposit coupons (Forms 8109) to make deposits of estimated tax.

If the fund overpaid estimated tax, it may be able to get a "quick refund" by filing **Form 4466**, Corporation Application for Quick Refund of Overpayment of Estimated Tax. The overpayment must be at least 10% of the expected income tax liability and at least \$500. To apply for a quick refund, file Form 4466 before the 16th day of the third month after the end of the tax year, but before the corporation files its income tax return. Do not file Form 4466 before the end of the Fund's tax year.

Interest and Penalties

Interest.—Interest is charged on taxes not paid by the due date even if an extension of time to file is granted. Interest is also charged on penalties imposed for failure to file, negligence, fraud, gross valuation overstatements, and substantial understatements of tax from the due date (including extensions) to the date of payment. The interest charge is figured at a rate determined under section 6621.

Late filing of return.—A fund that fails to file its return when due (including extensions of time for filing) may be subject to a penalty of 5% of the unpaid tax for each month or part of a month the return is late, up to a maximum of 25% of

the unpaid tax. The minimum penalty for a return that is more than 60 days late is the smaller of the tax due or \$100. The penalty will not be imposed if the taxpayer can show that failure to file a timely return is due to reasonable cause. Those filing late (after the due date, including extensions), must attach a statement to the return explaining the reasonable cause.

Late payment of tax.—The penalty for late payment of taxes is usually $\frac{1}{2}$ of 1% of the unpaid tax for each month or part of a month the tax is unpaid. The penalty cannot exceed 25% of the amount due. This penalty may also apply to any additional tax not paid within 10 days of the date of the notice and demand for payment.

Estimated tax penalty.—A fund that fails to pay estimated tax payments when due may be subject to an underpayment penalty for the period of underpayment. In general, to avoid the estimated tax penalty, the fund must make estimated tax payments of at least the smaller of: 90% of its alternative minimum tax minus the credit for Federal tax on fuels as shown on the return; or 100% of its prior year's tax (computed in the same manner). See section 6655 for details and exceptions.

Form 2220, Underpayment of Estimated Tax by Corporations, is used to see if the fund owes a penalty and to figure the amount of the penalty. Generally, the fund does not have to file this form because the IRS can figure the amount of any penalty and bill the fund for it. However, the fund must complete and attach Form 2220 even if the fund does not owe the penalty if: (a) the annualized income or adjusted seasonal installment method is used, or (b) the fund is a "large corporation" computing its first required installment based on the prior year's tax. (See the Instructions for Form 2220 for the definition of a "large corporation.") If Form 2220 is attached, be sure to check the box on line 29, page 1, Form 1120-RIC, and enter the amount of any penalty on this line.

Other penalties.—Other penalties can be imposed for negligence, substantial understatement of tax, and fraud. See sections 6662 and 6663.

Statements

Stock ownership in foreign corporations.—Attach the required statement to Form 1120-RIC if the fund owned 5% or more in value of the outstanding stock of a foreign personal holding company and the fund was required to include in its gross income any undistributed foreign personal holding company income. See section 551(c).

A fund that controls a foreign corporation, or that is a 10%-or-more shareholder of a controlled foreign corporation, or acquires, disposes of, or owns 5% or more of the outstanding stock of a foreign corporation may have to file

A fund controlled by a foreign person or a foreign corporation that is engaged in a trade or business in the United States may have to file **Form 5472**, Information Return of a Foreign-Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business.

Transfers to a corporation controlled by the transferor.—If the fund receives stock of a corporation in exchange for property, and no gain or (loss) is recognized under section 351, the fund (transferor) and the transferee must attach to their respective tax returns the information required by Regulations section 1.351-3.

Election under Temporary Regulations section 1.67-2T(j)(2).—Generally, shareholders in a nonpublicly offered fund that are individuals or pass-through entities are treated as having received a dividend in an amount equal to the shareholder's

allocable share of affected RIC expenses for the calendar year and as having paid or incurred an expense described in section 212 (and subject to the 2% limitation on miscellaneous itemized deductions) in the same amount for the calendar year. A nonpublicly offered fund may elect to treat its affected RIC expenses for a calendar year as equal to 40% of the amount determined under Temporary Regulations section 1.67-2T(j)(1)(i) for that calendar year. To make this election, attach to Form 1120-RIC for the tax year that includes the last day of the calendar year for which the fund makes the election, a statement that it is making an election under paragraph (j)(2) of Temporary Regulations section 1.67-2T. Once made, the election remains in effect for all subsequent calendar years and may not be revoked without IRS consent. See Temporary Regulations section 1.67-2T for definitions and other details.

Attachments

Attach **Form 4136**, Credit for Federal Tax on Fuels, after page 4, Form 1120-RIC. Attach schedules in alphabetical order and other forms in numerical order after Form 4136.

Please complete every applicable entry space on Form 1120-RIC. Do not attach statements and write "See attached" instead of completing the entry spaces on Form 1120-RIC.

If more space is needed on the forms or schedules, attach separate sheets showing at the top of each attachment the form number or schedule letter of the form or schedule being continued. Also, show the information called for on the form in the same order as on the printed forms. **Be sure to show totals on the printed forms.** Please use sheets that are the same size as the forms and schedules. Attach these separate sheets after all the schedules and forms. Also, put the fund's EIN on each sheet.

Specific Instructions

Period covered.—File the 1991 return for calendar year 1991 and fiscal years that begin in 1991 and end in 1992. For a fiscal year, fill in the tax year space at the top of the form.

Note: *The 1991 Form 1120-RIC may also be used if:* (1) the fund has a tax year of less than 12 months that begins and ends in 1992; and (2) the 1992 Form 1120-RIC is not available by the time the fund is required to file its return. However, the fund must show its 1992 tax year on the 1991 Form 1120-RIC and incorporate any tax law changes that are effective for tax years beginning after December 31, 1991.

Address.—Include the suite, room, or other unit number after the street address. If the Post Office does not deliver mail to the street address and the RIC has a P.O. box, show the P.O. box number instead of the street address.

Note: *If a change in address occurs after the return is filed, the RIC can use **Form***

8822, *Change of Address*, to notify the IRS of the new address.

Item B. Date fund was established.—If this return is being filed for a series fund (as defined in section 851(h)(2)), enter the date the fund was created. Otherwise, enter the date the RIC was incorporated or organized.

Item C. Employer identification number.—Enter the EIN of the fund. A fund that does not have an EIN should apply for one on **Form SS-4**, Application for Employer Identification Number. This form may be obtained from most IRS and Social Security Administration offices. Send Form SS-4 to the same Internal Revenue Service Center to which Form 1120-RIC is mailed. If the EIN has not been received by the filing time for the fund's tax return, write "Applied for" in the space for the EIN.

For more information concerning an EIN, see Pub. 583.

Item D. Total assets.—Enter the total assets of the fund as of the end of the tax year. If there are no assets at the end of the tax year, enter the total assets as of the beginning of the tax year.

Item E.—Indicate a final return, change in address, or amended return by checking the appropriate box.

Part I

Income

Line 1. Dividends.—A fund that is the holder of record of any share of stock on the record date for a dividend payable on that stock must include the dividend in gross income by the later of: (1) the date the share became ex-dividend, or (2) the date the company acquired the share.

Line 2. Interest.—Enter taxable interest on U.S. obligations and on loans, notes, mortgages, bonds, bank deposits, corporate bonds, tax refunds, etc.

Do not offset interest expense against interest income.

Line 3. Net foreign currency gain or (loss) from section 988 transactions.—Enter the net foreign currency gain or (loss) from section 988 transactions that is treated as ordinary income or loss under section 988(a)(1)(A). Attach a schedule detailing each separate transaction.

Line 4. Payments with respect to securities loans.—Enter the amount received or accrued from a broker as compensation for securities loaned by the fund to the broker for use in completing market transactions. Such payments must meet the requirements of section 512(a)(5).

Line 5. Excess of net short-term capital gain over net long-term capital loss.—**Caution:** *Report the net capital gain from line 10, Schedule D (Form 1120), line 1, Part II.*

Note: *Every sale or exchange of a capital asset must be reported in detail on Schedule D (Form 1120), even though no gain or loss is indicated.*

Line 7. Other Income.—Enter any other taxable income not listed above, except

net capital gain which must be reported in Part II, and explain its nature on an attached schedule. Examples of other income are: any adjustment under section 481(a) required to be included in income during the current tax year due to a change in method of accounting; gross rents; recoveries of fees or expenses in settlement or litigation; the amount of credit for alcohol used as fuel (determined without regard to the limitation based on tax) that was entered on **Form 6478**, Credit for Alcohol Used as Fuel; and refunds of taxes deducted in prior years to the extent they reduced income subject to tax in the year deducted (see section 111). Do not offset current year's taxes with tax refunds.

If "other income" consists of only one item, describe it in parentheses on line 7.

Deductions

Limitations on deductions

Transactions between related taxpayers.

Generally, an accrual basis taxpayer may only deduct business expenses and interest owed to a related party in the year the payment is included in the income of the related party. See sections 163(j) and 267 for limitation on deductions for unpaid expenses and interest.

Direct and indirect costs (including taxes) allocable to real or tangible personal property constructed or improved by the taxpayer. Such costs must be capitalized in accordance with section 263A.

Golden parachute payments. A portion of the payments made by a corporation to key personnel that exceeds their usual compensation may not be deductible. This occurs when the corporation has an agreement (golden parachute) with these key employees to pay them these excessive amounts if control of the corporation changes. See section 280G.

Business startup expenses. These expenses are required to be capitalized unless an election is made to amortize them over a period of 60 months. See section 195.

Section 265(a)(3) limitation. If the fund paid exempt-interest dividends during the tax year (including those dividends deemed paid under section 855), no deduction is allowed for that portion of otherwise deductible expenses which the amount of tax-exempt interest income bears to total gross income (including tax-exempt income but excluding capital gain net income).

The **net operating loss deduction** is not allowed.

Passive activity limitations. Limitations on passive activity losses and credits under section 469 apply to funds that are closely held (as defined in section 469(j)(1)). Funds subject to the passive activity limitations must complete **Form 8810**, Corporate Passive Activity Loss and Credit Limitations, to compute their allowable passive activity loss and credit.

Line 9. Compensation of officers.— Besides entering the total officers'

compensation on line 9, Form 1120-RIC filers must complete Schedule E on page 2 if their total receipts (line 8, Part I, plus net capital gain from line 1, Part II, and line 9a, Form 2438) are \$500,000 or more. Do not include compensation deductible elsewhere on the return, such as elective contributions to a section 401(k) cash or deferred arrangement or amounts contributed under a salary reduction SEP agreement.

Complete Schedule E, columns (a) through (e), for all officers. The RIC determines who is an officer under the laws of the state where it is incorporated.

Line 10. Salaries and wages.—Enter the amount of total salaries and wages paid or incurred for the tax year. Do not include salaries and wages deductible elsewhere on the return, such as elective contributions to a section 401(k) cash or deferred arrangement or amounts contributed under a salary reduction SEP agreement.

Caution: *If the fund provided taxable fringe benefits to its employees, such as personal use of a car, do not deduct as wages the amount allocated for depreciation and other expenses claimed on lines 14 and 22.*

Enter on line 10b the amount of jobs credit from **Form 5884**, Jobs Credit.

Line 12. Taxes.—Enter taxes paid or accrued during the tax year, but do not include the following:

1. Federal income taxes;
2. Foreign or U.S. possession income taxes if a tax credit is claimed or the fund made an election under section 853;
3. Excise taxes imposed under section 4982 on undistributed RIC income;
4. Taxes not imposed on the fund; or
5. Taxes, including state or local sales taxes, that are paid or incurred in connection with an acquisition or disposition of property (such taxes must be treated as a part of the cost of the acquired property or, in the case of a disposition, as a reduction in the amount realized on the disposition).

See section 164(d) for apportionment of taxes on real property between seller and purchaser.

Line 13. Interest.—If the proceeds of a loan were used for more than one purpose (e.g., to purchase a portfolio investment and to acquire an interest in a passive activity), an interest allocation must be made. See Temporary Regulations section 1.163-8T for the interest allocation rules. Do not include interest on indebtedness incurred or continued to purchase or carry obligations if the interest is wholly exempt from income tax. For exceptions, see section 265(b).

Generally, a cash basis taxpayer cannot deduct prepaid interest allocable to years following the current tax year. For example, a cash basis calendar year taxpayer who in 1991 prepaid interest allocable to any period after 1991 can deduct only the amount allocable to 1991.

Generally, the interest and carrying charges on straddles must be capitalized. See section 263(g).

See section 163(e)(5), which provides special rules for the disqualified portion of original issue discount on a high yield discount obligation.

Certain interest paid or accrued by the fund (directly or indirectly) to a related person may be limited if no tax is imposed on that interest. See section 163(j) for more information.

Line 14. Depreciation.—Besides depreciation, include on line 14 the part of the cost (up to \$10,000) that the fund elected to expense for certain tangible property placed in service during tax year 1991 or carried over from 1990. See the instructions for **Form 4562**, Depreciation and Amortization.

Line 22. Other deductions.—Attach a separate sheet listing all allowable deductions that are not deductible elsewhere on Form 1120-RIC. Enter the total on this line.

Include on this line contributions deductible under section 170; contributions to pension and profit-sharing plans, employee benefit programs, etc.; and amortization of organization expenses.

If a contribution deductible under section 170 is in property other than money and the total claimed deduction for all property contributed exceeds \$500, the fund (except if closely held) shall attach a schedule describing the kind of property contributed and the method used to determine its fair market value. Closely held funds must complete **Form 8283**, Noncash Charitable Contributions, and attach it to their returns. All other funds generally must complete and attach Form 8283 to their returns for contributions of property other than money if the total claimed deduction for all property contributed was more than \$5,000.

Include on line 22 the deduction for contributions to pension, profit-sharing, or other funded deferred compensation plans. Employers who maintain such a plan generally are required to file one of the forms listed below, even if the plan is not a "qualified" plan under the Internal Revenue Code. The filing requirement applies even if no deduction is claimed for the current tax year. There are penalties for failure to file these forms on time and for overstating the pension plan deduction. See sections 6652(e) and 6662(f).

Form 5500.—Complete this form for each plan with 100 or more participants.

Form 5500-C/R.—Complete this form for each plan with fewer than 100 participants.

Form 5500EZ.—Complete this form for a one-participant plan.

Generally, a deduction may not be taken for the amount of any item or part thereof allocable to a class of exempt income. See Section 265(b) for exceptions.

Generally, the fund can deduct only 80% of the amount otherwise allowable for meals and entertainment expenses. In addition, meals must not be lavish or

extravagant; a bona fide business discussion must occur during, immediately before, or immediately after the meal; and an employee of the fund must be present at the meal. See section 274(k)(2) for exceptions. If the fund claims a deduction for unallowable meal expenses, it may have to pay a penalty.

Additional limitations apply to deductions for skybox rentals, luxury water travel, convention expenses, and entertainment tickets. See section 274 and **Pub. 463**, Travel, Entertainment, and Gift Expenses, for details.

All other ordinary and necessary travel expenses paid or incurred in the trade or business of the fund are generally fully deductible. However, expenses paid or incurred for a facility (such as a yacht or hunting lodge) that is used for an activity that is usually considered entertainment, amusement, or recreation are not deductible. **(Note: The fund may be able to deduct the expense if the amount is treated as compensation and reported on Form W-2 for an employee or on Form 1099-MISC for an independent contractor.)**

Note: Do not deduct penalties imposed on the fund such as those listed under Interest and Penalties on page 3 of the instructions.

Line 24. Taxable income before deduction for dividends paid.—Special “at-risk” rules under section 465 generally apply to closely held funds engaged in any activity as a trade or business or for the production of income. Such taxpayers may have to adjust the amount on line 24. But the at-risk rules do not apply to: **(1)** holding real property placed in service by the taxpayer before 1987; **(2)** equipment leasing under sections 465(c)(4), (5), and (6); and **(3)** any qualifying business of a qualified corporation under section 465(c)(7). However, the at-risk rules do apply to the holding of mineral property. For more information, see section 465 and **Form 6198**, At-Risk Limitations.

Part II

Line 1. Net capital gain. Caution: Report the excess of net short-term capital gain over net long-term capital loss, on line 5, Part I.

Line 2. Capital gain dividends.—Enter the deduction for dividends paid determined with reference to capital gain dividends only, as designated by the fund in accordance with section 852(b)(3)(C), but do not include any amount reported for the tax year on Form 2438, line 9b. The rules in section 561 (taking into account sections 852(b)(7) and 855(a)) determine the amount that is deductible for the tax year. To compute the deduction for capital gain dividends, it may be useful to prepare a worksheet similar to Schedule A, page 2, Form 1120-RIC.

Tax on Certain Built-In Gains

IRS intends to issue regulations under section 337(d) that will impose a tax on the net built-in gain of C corporation assets in connection with: **(1)** the qualification of a

corporation to be taxed as a RIC, or **(2)** the transfer of such assets to a RIC in a carryover basis transaction.

Generally, the net built-in gain equals the excess of total gains over total losses that would have been realized if the corporation had sold all of its assets at their respective fair market values on the relevant date described below and immediately liquidated. Unless the corporation makes the election described below, the gain must be recognized by the corporation as of: **(a)** the last day of the tax year immediately preceding the year in which it qualified as a RIC, in the case of **(1)** above; or **(b)** the day before the date of the transfer of assets, in the case of **(2)** above.

Election.—The regulations will allow the RIC to elect to pay the tax on any built-in gains recognized within a 10-year period on the assets held by the corporation before it was taxed as a RIC or before it transferred the assets in a carryover basis transaction to the RIC. The built-in gains of an electing RIC and the tax imposed on such gains will be subject to rules similar to the rules relating to net income from foreclosure property of real estate investment trusts under section 857.

In the case of a corporation qualifying to be taxed as a RIC, the regulations generally will apply to tax years beginning after June 9, 1987. However, the regulations will not apply to any corporation that was taxed as a RIC for its tax year that included June 9, 1987. In addition, a previously qualifying RIC that fails to meet the qualifications to be taxed as a RIC for a single tax year generally will not be required to recognize net built-in gain under the regulations upon requalification as a RIC. For carryover basis transactions, the regulations will generally apply to transactions occurring after June 9, 1987. For more information, see Notice 88-19, 1988-1 C.B. 486, and Notice 88-96, 1988-2 C.B. 420.

Note: Details on how to compute and report this tax on Form 1120-RIC (if the fund makes the election described above) were not available at the time these instructions were printed but will be announced by IRS after publication of the regulations under section 337(d). If the fund is required to file Form 1120-RIC before these details are announced, the fund should not include the built-in gains tax on Form 1120-RIC at the time of original filing. Rather, the tax should be shown on an amended Form 1120-RIC filed after the announcement is issued by IRS.

Schedule A

Deductions for Dividends Paid.

Lines 1 through 5.—Section 561 (taking into account sections 852(b)(7) and 855(a)) determines the deduction for dividends paid. In computing the amounts to be entered on lines 1 through 4, do not take into account capital gain dividends (as defined in section 852(b)(3)(C)) or exempt-interest dividends (as defined in

section 852(b)(5)). See Regulations section 1.852-11.

Line 3.—Dividends declared in October, November, or December and payable to shareholders of record on a specified date in such a month are treated as having been paid by the fund and received by each shareholder on December 31 of such year provided the dividends are actually paid in January of the following year. Enter all such dividends that are not already included on line 1 or 2.

Schedule B

Income From Tax-Exempt Obligations

If, at the close of each quarter of the tax year, at least 50% of the value of the fund's assets consisted of tax-exempt obligations under section 103(a), the fund qualifies under section 852(b)(5) to pay exempt-interest dividends for the tax year and it must check the “Yes” box and complete lines 1 through 4 in Schedule B. See section 852(b)(5) for the definition of exempt-interest dividends and other details.

Schedule J

Tax Computation

Members of a controlled group, lines 1 and 2.—A member of a controlled group, as defined in section 1563, must check the box on line 1 and complete lines 2a(i) and 2a(ii) of Schedule J.

Members of a controlled group are entitled to one \$50,000 and one \$25,000 taxable income bracket amount (in that order) on line 2a.

When a controlled group adopts or later amends an apportionment plan, each member must attach to its tax return a copy of its consent to this plan. The copy (or an attached statement) must show the part of the amount in each taxable income bracket apportioned to that member. There are other requirements as well. See Regulations section 1.1561-3(b) for the requirements and for the time and manner of making the consent.

Equal apportionment plan. If no apportionment plan is adopted, the members of the controlled group must divide the amount in each taxable income bracket equally among themselves. For example, controlled group AB consists of corporation A and corporation B. They do not elect an apportionment plan. Therefore, both corporation A and corporation B are entitled to \$25,000 (one-half of \$50,000) in the \$50,000 taxable income bracket on line 2a(i) and to \$12,500 (one-half of \$25,000) in the \$25,000 taxable income bracket on line 2a(ii).

Unequal apportionment plan. Members of a controlled group may elect an unequal apportionment plan and divide the taxable income brackets as they wish. There is no need for consistency between taxable income brackets. Any member of the

controlled group may be entitled to all, some, or none of the taxable income brackets. However, the total amount for all members of the controlled group cannot be more than the total amount in each taxable income bracket.

Each member of a controlled group must compute the tax on its investment company taxable income as follows (except funds that are personal holding companies or that are not in compliance with Regulations section 1.852-6):

- 1. Enter investment company taxable income (line 26, page 1, Form 1120-RIC)
- 2. Enter line 1 or the fund's share of the \$50,000 taxable income bracket, whichever is less,
- 3. Subtract line 2 from line 1
- 4. Enter line 3 or the fund's share of the \$25,000 taxable income bracket, whichever is less,
- 5. Subtract line 4 from line 3
- 6. Enter 15% of line 2
- 7. Enter 25% of line 4
- 8. Enter 34% of line 5
- 9. If the taxable income of the controlled group exceeds \$100,000, enter this member's share of the smaller of: (a) 5% of the excess over \$100,000, or (b) \$11,750. (See instructions for additional 5% tax, below.)
- 10. Total of lines 6 through 9. Enter this amount on line 3a, Schedule J, Form 1120-RIC

Additional 5% tax. Members of a controlled group are treated as one corporation for purposes of figuring the applicability of the additional 5% tax that must be paid by corporations with taxable income in excess of \$100,000. If the additional tax applies, each member of the controlled group will pay that tax based on the part of the amount that is used in each taxable income bracket to reduce that member's tax. (See section 1561(a).) Each member of the group must enter its share of the additional 5% tax on line 2b and attach to its tax return a schedule that shows the taxable income of the entire group as well as how its share of the additional tax was figured.

Line 3a.—The fund must compute its tax on its investment company taxable income as follows:

(1) A fund that is not a personal holding company and is in compliance with Regulations section 1.852-6 regarding disclosure of the fund's actual stock ownership (members of a controlled group should see the instructions above for lines 1 and 2) is to compute its tax as follows:

If its investment company taxable income (line 26, Form 1120-RIC) on page 1 is:

Over—	But not over—	Its tax is:	Of the amount over—
0	\$50,000	15%	0
\$50,000	75,000	\$7,500 + 25%	\$50,000
75,000	100,000	13,750 + 34%	75,000
100,000	335,000	22,250 + 39%	100,000
335,000	- - - - -	34%	0

(2) A fund that is a personal holding company or is not in compliance with Regulations section 1.852-6 is taxed at a flat rate of 34% on its investment company taxable income.

Line 3c. Deferred tax amount under section 1291.—If the fund was a shareholder in a passive foreign investment company (PFIC) that received an excess distribution or disposed of its investment in the PFIC during the year, it must include the aggregate increases in taxes due under section 1291(c)(2) in the amount to be entered on line 3c, Schedule J. Write on the dotted line to the left of line 3c, Schedule J, "Sec. 1291—\$(amount)." Do not include on line 3c the interest charge due under section 1291(c)(3). Instead, write "Sec. 1291 interest" and the amount owed in the bottom margin of page 1, Form 1120-RIC. See **Form 8621**, Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund, for details.

Line 4a. Foreign tax credit.—See **Form 1118**, Foreign Tax Credit—Corporations, for an explanation of when the fund can take this credit for payment of income tax to a foreign country or U.S. possession. The fund may not claim this credit if an election under section 853 was made for the tax year.

Line 4b. General business credit.—Complete this line if the corporation can take any of the following credits. If the corporation has two or more of these credits, a credit carryforward or carryback (including an ESOP credit), or a passive activity credit, Form 3800 must also be completed. Enter the amount of the general business credit on line 4b, and check the box for Form 3800. If the corporation has only one credit, enter on line 4b, the amount of the credit from the form. Also be sure to check the appropriate box for that form.

Investment credit. The investment credit was generally repealed for property placed in service after 1985. See **Form 3468**, Investment Credit, for exceptions.

Jobs Credit. The corporation may qualify to take this credit if it hired members of special targeted groups during the tax year. See **Form 5884**, Jobs Credit, for more information.

Note: The fund may not take an expense deduction for the part of the wages or salaries paid or incurred which is equal to the amount of the jobs credit (determined without regard to the limitation based on the tax (section 38(c))).

Credit for alcohol used as fuel. The fund may be able to take a credit for alcohol used as fuel. Use **Form 6478**, Credit for Alcohol Used as Fuel, to figure the credit.

Credit for increasing research activities. See **Form 6765**, Credit for Increasing Research Activities, and section 41.

Low-income housing credit. See **Form 8586**, Low-Income Housing Credit, and section 42.

Enhanced oil recovery credit. A corporation may claim a credit for qualified enhanced

oil recovery costs. Use Form 8830 to figure the credit.

Disabled access credit. A fund may be able to take a credit for certain expenditures paid or incurred to assist individuals with disabilities. See **Form 8826**, Disabled Access Credit, and section 44.

Line 4c. Credit for prior year minimum tax.—Use **Form 8827**, Credit for Prior Year Minimum Tax—Corporations, to figure the minimum tax credit and any carryforward of that credit.

Line 4d. Credit for fuel produced from a nonconventional source.—A credit is allowed for the sale of qualified fuels produced from a nonconventional source. Section 29 contains a definition of qualified fuels, provisions for figuring the credit, and other special rules. Attach a separate schedule to the return showing the computation of the credit. Include the amount of the credit in the total for line 4d, Schedule J. Write next to the entry for line 4d the amount of the credit and identify it as "section 29 credit."

Also see Form 8827 if any of the 1990 credit is disallowed solely because of the tentative minimum tax limitation. Also see section 53(d).

Line 6. Personal holding company tax.—The fund is taxed as a personal holding company under section 542 if:

- At least 60% of its adjusted ordinary gross income for the tax year is personal holding company income, and
- At any time during the last half of the tax year more than 50% in value of its outstanding stock is owned, directly or indirectly, by not more than five individuals.

See section 543(a) for the definition of personal holding company income and section 543(b)(2) for the definition of adjusted ordinary gross income.

Use **Schedule PH (Form 1120)**, U.S. Personal Holding Company Tax, to figure this tax.

Line 7. Recapture taxes.—

• **Recapture of Investment Credit.** The corporation may owe the tax computed on **Form 4255**, Recapture of Investment Credit, if it disposed of investment credit property or changed its use before the end of its useful life or recovery period. See Form 4255 for details.

• **Recapture of Low-Income Housing Credit.** The corporation may owe the tax computed on **Form 8611**, Recapture of Low-Income Housing Credit, if it disposed of property (or there was a reduction in the qualified basis of the property) on which it took the low-income housing credit. See Form 8611 and section 42(j) for details.

Line 8. Alternative minimum tax.—File Form 4626 if the total of investment company taxable income or (loss) and retained capital gains not designated under section 852(b)(3)(D) plus adjustments items and tax preference items of the fund exceeds the smaller of: (a) \$40,000, or (b) the fund's allowable exemption amount. See Form 4626 for details. Reduce alternative minimum tax by any amount on Form 3800, Schedule A, line 34. This is the

credit allowed under section 38(c)(2) (as in effect before November 5, 1990, i.e., before the date of enactment of the Revenue Reconciliation Act of 1990). Write on the dotted line to the left of line 8, "Sec. 38(c)(2)—\$(amount)."

Line 9. Deferred tax and interest on undistributed earnings of a qualified electing fund under section 1294.—Complete Form 8621 to determine the RIC's share of tax attributable to the undistributed earnings of a qualified electing fund, or the deferred tax due, if any, as a result of the termination of a section 1294 election. Follow the instructions for Form 8621 to determine the amount of tax owed or deferred to include in or subtract from the total tax on line 9. Form 8621 also explains how to report any interest due under section 1294 on the deferred tax.

Interest on tax deferred under the installment method for certain non-dealer installment obligations.—If an obligation arising from the disposition of property to which section 453A applies is outstanding at the close of the year, the fund must include the interest due under section 453A(c) in the amount to be entered on line 9, Schedule J. Write on the dotted line to the left of line 9, Schedule J, "Sec. 453A(c) interest— \$(amount)." Attach a schedule showing the computation.

Other Information

Be sure to answer questions 1 through 13 on page 3, Form 1120-RIC. The instructions that follow are keyed to these questions.

Question 4

Foreign person.—The term "Foreign person" means:

1. A foreign citizen or nonresident alien;
2. A foreign partnership;
3. A foreign corporation;
4. Any foreign estate or trust within the meaning of section 7701(a)(31).

"Owner's country," for individuals, is the owner's country of residence. For all others, it is the country where incorporated, organized, created, or administered.

Question 6

Foreign financial accounts.—Check the "Yes" box if either **a** or **b**, below, applies to the fund; otherwise, check the "No" box:

- a.** At any time during the year the fund had an interest in or signature or other authority over a financial account in a foreign country (such as a bank account, securities account, or other financial account); AND
 - The combined value of the accounts was more than \$10,000 at any time during the year; AND
 - The account was NOT with a U.S. military banking facility operated by a U.S. financial institution.
- b.** The fund owns more than 50% of the stock in any corporation that would answer "Yes" to item **a** above.

Get form **TD F 90-22.1**, Report of Foreign Bank and Financial Accounts, to see if the fund is considered to have an interest in or signature or other authority over a financial account in a foreign country (such as a bank account, securities account, or other financial account).

If "Yes" is checked for this question, file form TD F 90-22.1 by June 30, 1992, with the Department of the Treasury at the address shown on the form. Form TD F 90-22.1 is not a tax return, so **do not** file it with Form 1120-RIC.

Form TD F 90-22.1 may be obtained from IRS Forms Distribution Centers.*

Also, if "Yes" is checked for this question, write the name of the foreign country or countries. Attach a separate sheet if more space is needed.
